William Barnes Primary School Modern Foreign Languages (MFL) Policy

Vision	
<ul style="list-style-type: none"> <li>*An inspirational, stimulating and well-resourced environment</li> <li>*A safe and secure school at the heart of the community</li> <li>*Inquiry, independence and enthusiasm for learning</li> </ul>	<ul style="list-style-type: none"> <li>*Preparing all children for life</li> <li>*A high quality professional team</li> <li>*Taking pride in all our achievements</li> <li>*High standards of behaviour</li> </ul>
<p>Excellent teaching gives children the life chances they deserve...Enjoyment is the birthright of every child. The most powerful mix is the one that brings the two together. Children learn better when they are excited and engaged - but what excites and engages them best is truly excellent teaching. Education is for all, not</p>	

the few. All children have the right to be the best they can be. We foster a love of learning and the development of the well-rounded child.

### **Preparing Children for Life**

We believe that we are preparing children for 21<sup>st</sup> Century life. We aim for them to be independent thinkers, confident learners and global citizens, equipped to live and work in and contribute to the global economy.

### **Aims and Objectives**

At William Barnes Primary School, we believe that children deserve:

- To be set appropriate and stimulating learning challenges
- To be taught well and be given the opportunity to learn in ways that maximise the chances of success
- To be given quality feedback which highlights successes and areas for improvement.
- To have adults working with them to tackle the specific barriers to progress they face.

It is also our aim that :

- Children develop a lasting love of all aspects of learning which will aid and enhance their further education and life.
- Children are given the opportunity to experience the widest variety of the written and spoken word possible - a vocabulary rich curriculum and school experience. This includes trips to pantomimes, art galleries and orchestral concerts.

- Children develop a healthy lifestyle this is supported by Active Learning, The Daily Mile, Wake and Shake and a robust healthy eating policy.

### Knowledge and Skills

As a school, we believe in the equal relationship between knowledge and skills in our curriculum.

We believe that:

- Knowledge can be declarative ( to know that ) or Procedural ( to know how ).
- Both these forms are important and that Declarative knowledge is turned into Procedural knowledge.  
through action and the act of applying.
- Skills can be Procedural knowledge as a result of the application of Declarative knowledge.
- Skills can be linked to dispositions and behaviours.

In short, skills often procedural knowledge and are linked intrinsically to declarative knowledge.

We prefer to see the debate laid out as:

Knowledge      Comprehension      Application      Evaluation

<u>Global Community</u>	<u>Parents</u>
We aim to equip our children for living in, and contributing to, a secure, transformative and sustainable world.	"For all children, the quality of the home learning environment is more important for intellectual and social development than parental occupation, education and income. What parents do is more important than who parents are." (EPPE)

## INTENT

### **Vision and Mission**

At William Barnes the Modern Foreign Languages (MFL) policy operates within the wider context of the school vision and mission statement.

### **Aims**

The national curriculum for languages aims to ensure that all pupils:

- understand and respond to spoken and written language from a variety of authentic sources
- speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation.
- can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt to discover and develop an appreciation of a range of writing in the language studied.

### ***Objectives***

- To develop children's experience of language acquisition and encourage curiosity about languages.
- To develop their understanding of what they hear and read, and have an ability to express themselves in speech and writing.
- To extend their knowledge of how language works and explore differences between French and English.
- To strengthen their sense of identity through learning about French culture in French speaking countries and comparing it with their own culture.

### **Current Practice**

### ***Teaching and Learning Overview***

Teaching is in line with the recommendations of the National Curriculum, with modifications in place which allow for the individual and differentiated needs of the children. It takes full account of the different experiences, strengths and interests of the children whilst also complying with the requirements and guidance on inclusion

		<u>Unit 24: Notre café</u> The final unit of the course is a transition unit and revises ordering in a café. Pupils will also fill in a transition record to take with them to their new school.	

## IMPLEMENTATION

### How We Teach

#### ***Statement of Current Practice***

French is taught in a whole-class setting, by the class teacher. Teachers plan together using suggested teaching ideas based on EasyMFL scheme of work for French. The lessons are designed to motivate children from the first moment and are mainly practical in focus. They have clear, achievable objectives and incorporate different learning styles. SEN children have access to the curriculum through variation of task, grouping or support from an adult.

Each class has a timetabled lesson of at least thirty minutes per week. French can also be revisited in short sessions throughout the week to consolidate knowledge and ensure new language is retained. French lessons provide a variety of sources to model the language, use games and songs to maximise enjoyment and make as many connections to real life situations as possible. Lessons focus on speaking and listening. However, when appropriate, children record written work informally in books.

### Reading/Vocabulary/Oracy

We believe reading to be the very bedrock for learning. Reading development is considered at every learning opportunity and opportunities for developing the reading practice of children and parents are constantly being updated. We are constantly evaluating new and existing strategies for encouraging home reading.

Time is given to vocabulary development within all subjects and children are encouraged to question new vocabulary at any opportunity. As stated before, we run our own Oracy Project, which supports the catch up process for young children with a vocabulary gap.

### Parents

At William Barnes Primary School, we believe that parents and teachers working together is highly beneficial to long term quality learning.

### Support

- The school as recently purchased a new scheme called Easy MFL. The scheme follows the 2014 National Curriculum. Chosen for the clear progression, lesson structure and use of ICT.
- Once a year Years 5 and 6 run a French café for the day for the whole school to visit and practise using their verbal French. This gives the older children an opportunity to support the younger pupils with their French and promotes the French language within the school.

### **IMPACT**

### Assessment

### ***Summative Assessment***

Teachers will be eager to ensure children are making progress with their learning throughout their EasyMFL experience. Therefore, each unit of work has an assessment task. This task is the formal opportunity for teacher assessment the pupils *then* marked against a *clear progression levels ranging from 1-7.*

*At the end of the academic year teachers report to the French Leader if a child is:*

Working towards      Working at      Working beyond

### ***Formative Assessment***

*Teachers use AfL strategies to monitor children's progress in lessons and over time. AFL strategies are embedded across the school and several strategies/beliefs apply to the ongoing assessment of French. The use of visualisers for immediate, within lesson feedback is used throughout the school.*

### ***Monitoring and evaluation***

*The French Leader will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.*

*Evaluation of the programme's effectiveness will be conducted on the basis of:*

- Pupil and teacher evaluation of the content and learning processes*
- Staff meetings to review and share experience*

*The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification.*

**Multicultural/ Equal Opportunities**

*In accordance with our equal opportunities policy, all children regardless of race, gender or ability should have equal access to the Modern Foreign Languages (MFL) at William Barnes School.*
