

William Barnes Primary School Music Policy

Vision		Mission
*An inspirational, stimulating, and well-resourced environment *A safe and secure school at the heart of the community *Inquiry, independence, and enthusiasm for learning	*Preparing all children for life *A high-quality professional team *Taking pride in all our achievements *High standards of behaviour	Where every child counts
Excellent teaching gives children the life chances they deserve...Enjoyment is the birthright of every child. The most powerful mix is the one that brings the two together. Children learn better when they are excited and engaged – but what excites and engages them best is truly excellent teaching. Education is for all, not the few. All children have the right to be the best they can be. We foster a love of learning and the development of the well-rounded child.		
Preparing Children for Life We believe that we are preparing children for 21 st Century life. We aim for them to be independent thinkers, confident learners and global citizens, equipped to live and work in and contribute to the global economy.		
<u>Aims and Objectives</u> <u>At William Barnes Primary School, we believe that children deserve:</u> <ul style="list-style-type: none">• To be set appropriate and stimulating learning challenges• To be taught well and be given the opportunity to learn in ways that maximise the chances of success• To be given quality feedback which highlights successes and areas for improvement.• To have adults working with them to tackle the specific barriers to progress they face. <u>It is also our aim that:</u> <ul style="list-style-type: none">• Children develop a lasting love of all aspects of learning which will aid and enhance their further education and life.• Children are given the opportunity to experience the widest variety of the written and spoken word possible - a vocabulary-rich curriculum and school experience. This includes trips to pantomimes, art galleries and orchestral concerts.• Children develop a healthy lifestyle this is supported by Active Learning, The Daily Mile, Wake and Shake and a robust healthy eating policy.		
<u>Knowledge and Skills</u> As a school, we believe in the equal relationship between knowledge and skills in our curriculum. We believe that: <ul style="list-style-type: none">• Knowledge can be declarative (to know that) or Procedural (to know how).• Both these forms are important and that Declarative knowledge is turned into Procedural knowledge through action and the act of applying.• Skills can be Procedural knowledge as a result of the application of Declarative knowledge.• Skills can be linked to dispositions and behaviours.		

In short, skills often procedural knowledge and are linked intrinsically to declarative knowledge. We prefer to see the debate laid out as:

Knowledge Comprehension Application Evaluation

Global Community

We aim to equip our children for living in, and contributing to, a secure, transformative and sustainable world.

Parents

“For all children, the quality of the home learning environment is more important for intellectual and social development than parental occupation, education and income. What parents do is more important than who parents are.” (EPPE)

Intent

Vision and Mission

Music is unique in the way it permeates our lives, and we endeavour to make the most of its joyful and stimulating presence. The music offered at William Barnes School reflects the rich multicultural society in which we live, and we invite pupils to take an active interest in all music and encourage them to become part of the music within the school. Children listen to music regularly, discussing the sounds they hear, the instruments used, the meaning of lyrics and how the music makes them feel.

Music Curriculum

Our school uses the national curriculum for music as the basis for its curriculum planning as well as supplementing with guidance from the Model Music Curriculum (March, 2021). We support our teaching with a variety of resources gathered from various published schemes (Music express, Charanga, Hampshire Music Service, Dorset Music Service), which are adapted and extended to suit individual classes. Teaching staff ensure that they deliver lessons based on the 7 fundamental musical dimensions (*pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations*), providing children with the opportunity each year to build on skills previously learned. Performance features heavily in our curriculum, we believe that playing music is the best way to experience it. Performances can be individual, in small or large groups and can be within lessons or to the whole school and can be of the pupils' own composition or taught pieces. We believe that music should be easily accessible for all children, pupils with SEND can participate and progress well (supported by technology, tools and adapted instruments). Space and resources allow breadth of curriculum for all students, including the introduction of music technology.

Aims and Objectives

Key stage 1

Pupils should be taught to:

- use their voices expressively and creatively by singing songs, speaking in rhythms and rhymes
- play tuned and untuned instruments
- listen and begin to understand a range of high-quality live and recorded music
- experiment with, create and combine sounds using the musical dimensions.

Key stage 2

Children should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures. Reproduce sounds from aural memory and reading written notation.

Pupils should be taught to:

- perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
- improvise and compose music for a range of purposes using the musical dimensions
- listen and recall sounds with increasing aural memory
- use and understand staff and other musical notations
- understand a wide range of high-quality live and recorded music drawn from different genres and from a variety of composers and musicians
- develop an understanding of the history of music.

Implementation

At William Barnes we believe that 'Every Child Counts' and this is reflected in our music lessons. Music is offered as a stimulating and rewarding experience - something that can be enjoyed by everyone. Scientific research show that singing is an effective way of raise endorphins level; simply put, singing makes us happy!

- We aim to sing whenever we can, and the pupils take part in a whole school singing session each week, KS2 with the Music lead and KS1 with teachers. The whole school sings together once a term in a whole school singing assembly led by the Music lead. Assembly time is also a listening opportunity, and the pupils are offered a wide range of musical styles to listen to and discuss.
- Classes take part in *Stormbreak* activities which are designed to stimulate brain activity, promote good mental health and wellbeing, and finds healthy links to our bodies and minds. They are often accompanied by music, using it as a tool to stimulate various emotions or create a specific atmosphere.
- Music lessons are taught once a week. Some year groups get the opportunity to work with Dorset Music Hub directly, Year 4 learn the Ukelele for a half term with one of their specialist team.
- There is a school choir which meet once a week. They have performed at a number of events throughout the year, going out into the community to care homes and to fundraising events at school as well as in the local town.
- Children can also sign up to a number of different peripatetic music lessons, currently available is piano, violin and guitar.

As with all learning at William Barnes Primary we encourage a growth mindset. We appreciate that musical skills are like any other skills; they can be learned and require practice and encouragement in order to improve. Many of the activities offered within lessons will be open-ended and can have a variety of responses, thus allowing for differentiation by outcome. Other activities may be specifically differentiated to allow for children with particular abilities.

Additional Musical Opportunities at William Barnes

At William Barnes we welcome and encourage opportunities to expose children to a number of different life experiences which we believe will leave a long-lasting positive effect.

Children in the **choir** will partake in a number of events across the school year. Christmas time is particularly busy, we have sung in the local town square, at church services and in the local schools pyramid concert. At Easter time the choir sing in the whole schools in house music performance, singing a few songs they have learnt accompanied by sign language and Makaton.

Over the course of the year various year groups will spend time learning a performance. In KS1 Reception, along with Year 1 and 2 together, will perform a version of the Nativity. In the Spring term, Year 4 will share what they have learnt from the Hampshire Music Hub in their Ukelele lessons. At Easter time the school carry out a Singing Performance to showcase the songs they have been learning in singing assemblies. And, at the end of the year, Year 6 showcase their end of school performance with the support of the rest of KS2 as their choir.

We are also very proud of our links with the community. Reception and year 6 will take part in an individual service at the church during the Christmas period celebrating the big changes that they are about to embark on. The whole school will also go to the church and take part in a service celebrating the story of Jesus's birth, singing songs and sharing the Christmas message.

As well as all the opportunities we provide in school, we value the opportunities for children to attend musical experiences. For example; we have taken the children to a pantomime at the Poole Lighthouse Theatre and visited the Bournemouth Symphony Orchestra performing live. In the run up to these experiences, the children are asked to learn a new song, with accompanying Makaton signing, and body percussion. We learn this and are then able to perform this from the audience, along with listening to a variety of musical pieces performed by them. Experiences such as this are invaluable, they may change depending on availability and finances for that academic year.

Support

- The school is a member of the Dorset Music Hub. As part of this service, we receive regular training from music specialists, a strong support network of music specialists and have access to brilliant resources.
- The Music Leader updates staff every term with any music updates.
- The school is part of the musicianship programme.
- We are a Music Mark school which offers training for the Music Lead to attend.

Assessment

Summative Assessment

At the end of the academic year teachers report to the Music Leader if a child is:

Working towards Working at Working beyond

Formative Assessment

Teachers use AfL strategies to monitor children's progress in lessons and over time. AFL strategies are embedded across the school.

Monitoring and evaluation

The Music Leader will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes*
- Staff meetings to review and share experience*

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification.

Multicultural/ Equal Opportunities

In accordance with our equal opportunities policy, all children regardless of race, gender or ability should have equal access to the music at William Barnes School.
